

INTRODUCTION TO DSBA ZOOM LIVE WEBINAR CLES

Due to the cancellation of in person, live CLE approved courses, because of restrictions imposed by the Governor's COVID-19 response, the Supreme Court of the State of Delaware Commission on Continuing Legal Education has waived *the requirement that at least 12 of the 24 CLE credit hours must be earned by attending in person live CLE approved courses. The requirement is waived for the two year periods ending December 31, 2020 and December 31, 2021. All 24 CLE credit hours for those two-year periods may be satisfied by approved courses that do not require an in-person, live appearance.*

The Supreme Court of the State of Delaware Commission on Continuing Legal Education cannot accept phone conferencing only. You must attend through a device that allows us to obtain your Bar Id in order to receive CLE credit.

Your attendance will be automatically monitored beginning at the scheduled start time and will be completed when the CLE has ended. If you enter or leave the meeting after or before the scheduled start/end time, you will receive credit only for the time you attended. Your CLE credits will be submitted to the Delaware and Pennsylvania Commissions on CLE, as usual.

What Delaware Lawyers Need to Know About Privacy Law

DSBA WEBINAR VIA ZOOM

MONDAY, JUNE 22, 2020 | 10:00 A.M. – 12:00 P.M.

2.0 hours CLE Credits in Enhanced Ethics for Delaware and Pennsylvania Attorneys

ABOUT THE PROGRAM

The past several years have seen extensive developments in privacy protection. Several states have sought legislative solutions to privacy law concerns, and the impact of foreign privacy laws (such as the European Union's General Data Protection Regulation) has become more strongly felt in the United States. Arguably the most comprehensive legislation – the California Consumer Privacy Act (CCPA) – is scheduled to become effective later this year, and its impact on lawyers and their clients nationwide is expected to be extensive. Privacy-related legal developments have also been accelerated by the Covid-19 pandemic. The legal profession is adapting to the use of new technology in the practice of law for a variety of tasks, forcing lawyers to consider their ethical obligations with respect to the use of technology and maintaining confidential information in a digital remote work environment.

PROGRAM

How well-versed are you on privacy concerns?

Would additional information better equip you to advise your clients (and your colleagues)?

Do you live in fear of how your firm would respond to a data breach?

Come hear about CCPA and GDPR, and what they might mean for you and your clients. This panel will discuss those topics and more, including proposed regulations for CCPA whose impact may reach far beyond California, and tips on law firm privacy compliance.
